SUMMARY

Passionate software engineer and recent graduate driven by building impactful solutions that leave a lasting imprint. Strong team player with hands-on experience in full-stack development (.NET, Blazor, Angular) and AI-powered systems including RAG. Known for problem-solving, adaptability, and contributing to meaningful, high-impact products.

TECHNICAL SKILLS

Languages & Frameworks: C, C++, C#, Python, JavaScript, .NET, Blazor, Angular, FastAPI

Databases & Architecture: SQL Server, RESTful APIs, Microservices

DevOps & Tools: Git, Docker, Jenkins, CI/CD pipelines

AI Technologies: RAG, LLM Integrations

PROJECTS

Cruise-Centered Travel Management System

May 2025 – Oct 2025

Enterprise Web Platform – Leading Travel Agency

.NET 9, Blazor, SQL Server, Python, RAG, FastAPI

- Delivered a comprehensive cruise travel management system with responsive Blazor/Telerik UI.
- Implemented microservices architecture combining .NET backend services and RAG powered AI agent.

Dancescape Explorer

Jan 2023 – Jun 2023

Online Dance Competition Platform, Selected for Bal des Projets (11th Edition) *Spring Boot, Angular, MySQL, Docker, Jenkins*

- Built a full-stack platform for hosting online dance competitions with Angular frontend.
- Developed Spring Boot backend services and CI/CD pipelines with Docker and Jenkins.

EXPERIENCE

Software Engineer Intern

May 2025 – Oct 2025

Ikonware

- Developed enterprise web platform for leading travel agency using .NET 9, Blazor, FastAPI microservices, SQL Server, and Telerik UI components

Freelance Full-Stack Developer

Dec 2025 – Present

Studio AlAmal

- Developing photography studio platform with galleries, promotions, and real-time client engagement using .NET, Blazor, and microservices architecture

Freelance Web Developer

Jun 2024 – Sep 2024

Le Progrès Agricole

- Built responsive corporate website using Spring Boot and Angular (MVC) to showcase agricultural services and products

EDUCATION

Private Higher School of Engineering and Technology (ESPRIT)

Engineer's Degree in Computer Science, Software Engineering

Sep 2022 – Jun 2025

Private Higher School of Engineering and Technology (ESPRIT)

Graduate Diploma in Biomedical Engineering, Medical Computer Science

Sep 2019 – Jun 2021

CERTIFICATIONS

- English Language Proficiency: C1 Level (ESPRIT, 2024) – B2 Level - APTIS (British Council, 2020)
- French Language Proficiency: C1 Level (ESPRIT, 2024)
